

Family & Community Medicine
UNIVERSITY OF TORONTO

Press Release

The Department of Family and Community Medicine is pleased to announce 3 new University of Toronto community affiliated teaching sites starting July 2009.

We welcome:

- * Royal Victoria Hospital, Barrie, Ontario
- * Southlake Regional Health Centre, Newmarket, Ontario
- * Trillium Health Centre, Mississauga, Ontario

The University of Toronto now has **3 Family Medicine Streams** available in CaRMS providing a full choice of learning experiences and a variety of locations to choose from.

Our **Greater Toronto Area (GTA)** stream includes 5 academic health sciences centres and 6 large community hospitals throughout the Greater Toronto Area.

Our **Barrie or Newmarket** stream consists of large community hospitals in rapidly growing communities north of Toronto.

The **Rural** stream combines a year of training in a Toronto community hospital and a year in a small rural community.
